Detail-oriented and motivated Software Trainee, keen to secure an opportunity involving collaboration with senior developers, contribution across the web development lifecycle, and skill enhancement, particularly in the Angular framework. Committed to active participation in team initiatives, I bring a dedicated and focused approach to achieving organizational goals. I am excited about the prospect of continuous learning and ready to embrace new challenges that come with this opportunity.

INTERNSHIP

- **Working as a Web Development Intern at Coderwa Technologies Private Limited since May 2023.**
 - Coderwa Official Website
 - Contributed significantly to the development of the company's website using HTML, CSS, JavaScript, Git, and GitHub.
 - Collaborated with team members, actively utilizing Visual Studio Code for efficient development.
 - Created and implemented web components, ensuring a responsive design for an enhanced user experience.
 - Successfully managed version control using Git and GitHub, tracking changes and facilitating seamless collaboration.
 - Played a key role in developing a fully functional website currently in use, showcasing successful contributions to the company's online presence under the guidance of the company.

PROJECT

- **Development of Student Attendance Mobile App**
 - Successfully completed the development of a Student Attendance Mobile App, assigned by the college principal.
 - Created a user-friendly interface using HTML, CSS, TypeScript, Bootstrap, and Angular.
 - Utilized Git and GitHub for version control throughout the development process.
 - Developed under the mentorship of Coderwa Technologies Private Limited, gaining valuable industry insights.
 - Conducted thorough testing, troubleshooting, and ensured real-time attendance tracking capabilities.
 - Collaborated with the team to deliver an efficient attendance tracking solution.
 - The project, now completed, remains in active use, providing a seamless experience for users.

EDUCATION

- **Pursuing Bachelor of Computer Applications (BCA) from Vestor College of Management since 2022.**
 - I currently hold the position of Class Representative in the 2nd year.
 - I am currently serving as The President of The Tech Club.
 - Recently, organized and hosted a Debate Competition.
- **Completed 12th Grade from Indian Public School, CBSE Board, in 2021.**
- **Completed 10th Grade from St. Paul's High School, CBSE Board, in 2019.**

SKILLS

- **HTML, CSS, JavaScript, TypeScript, Bootstrap, Angular, Git, GitHub, Visual Studio Code**
- **Team Collaboration and Communication**
 - Demonstrated effective teamwork, contributing to project success through a positive and cooperative approach.
- **Problem-Solving and Analytical Skills**
 - Ability to overcome challenges through research and application. Comfortable seeking help when needed.
- **Eagerness to Learn and Adaptability**
 - Recognized for proactive learning, embracing new technologies, and swiftly adapting to evolving project requirements.

CERTIFICATIONS

- **Certificate of Achievement**
 - Development of Student Attendance Mobile App in September 2023.
- **Certificate of Completion**
 - Workshop on 3D Printing, 3D designing and Drones in November 2023.
 - Workshop on Drone Making and Assembly in March 2023.
